NOTES AND PRECIS.

D.No.1983. S.N.(1).

The Commissioner of Police requests sanction for payment to the M & S M Railway Co., Ltd., of a sum of Rs.265-5-0 on account of excess consumption of water at the Constables quarters at Tumkur and Bangalore Cantonment Railway Stations.

171

According to Fundamental Rule 45A VI, the payments on account of excess water charges are recoverable from the tenants. In letter from this Residency No.4331 ✓, dated the 15th June 1934, the Commissioner of Police was informed that such charges in the case of Police lines in the C & M Station Bangalore, should be recovered from the occupants. His attention may be invited to this letter and he may be told that the amount in question should be recovered from the occupants of the Railway Police quarters.

C.p. 3 (PUC) D.No. 5430 S.N. 3

C.p. 1 & 2 'E' Please see S.N. 1 and 2.

2 In S.N. 1 the amount to be paid to the Railway Co. on account of excess consumption is shown as Rs. 265-5-0 but according to the figures given in the P.U.C. it is -- Rs. 827-6-3. In para 5 of the P.U.C. it is stated that this is for the period from 1934 up to date and that -- during this interval of 3 years there has been a considerable change in the occupants of the quarters owing to -- numerous transfers, retirements and other causes and it is almost impossible to fix the liability and recover from the occupants who have left the quarters. But no information is given as to why steps were not taken to recover from the occupants the excess water charges then and there instead of allowing them to remain unpaid for such a long period of 3 years.

3 With reference to paras 7 & 8 of the P.U.C. please see S.N. 75 of file 299/11 and Fundamental Rule 45A-VI. In case concession similar to that now existing in regard to Bangalore City Ry. Police lines is to be extended to the Bangalore Cantonment Ry.Station, Tumkur & Dodballapur lines, no information is given as to

'M'

(1) what ~~will be~~ the actual amount payable by Government will be

(2) In cases ~~if any~~, in which there is any excess consumption over 50 gallons per day per hut, which is payable by the occupants in proportion to their pay

(a) whether this is proposed to be recovered from the occupants; if not

(b) how it is proposed to be met and

(c) what this will amount to,

4 If approved, in the first instance, these papers may be sent U.O. to the Commissioner of Police kindly to give the particulars required in paras 2 and 3 supra.

OFFICE OF THE COMMISSIONER OF POLICE
No. 1105/AG/37
2. JULY 1937
BANGALORE
C & M STATION

No. 1105/AG/37
23.7.37.

Rs. 265/5/- represents items 252/4/3, Rs.3/9/- and Rs.9/8/- mentioned in my letter. Bill for this amount from the Railway Company was received for the very first time only in January 1937, claiming charges for excess consumption of water from October 1934 (at Bangalore Cantonment), from April 1935 (at Tumkur), and ~~from April 1935 (at Arsikere)~~.

Later, in April 1937 and in May 1937 bills were received for (a) Rs.14/2/- Water Charges for January and February 1937 at Tumkur (b) Rs.307/2/- Water Charges for the

for the period April 1935 to December 1935 at Arsikere (c) Rs.240/13/- Water Charges for January 1936 to February 1937 at Arsikere. It will thus be seen that no bills were received from the Railway Company prior to January 1937 for the periods of consumption as noted above and that no action could therefore possibly have been taken earlier. That there was excess consumption of water in the Police Lines at the places referred to was known only after the receipt of the bills from the Railway Company.

Paragraph 3:

Bangalore Cantonment: (B.N.C.) has 1 Head Constable and 10 Constables Huts. At 50 gallons of water per hut per day the total consumption of water from October 1934 to August 1936 would be 50 x 11 x 700 = 3,85,000 gallons. For flushing drains etc., at 200 gallons per day it is 1,40,000 gallons i.e. a total of 5,25,000 gallons. Deducting free allowance of water allowed by the Railway Company on the basis of 100 gallons of water per rupee of rent paid, it will be 11,205 gallons per month, for 23 months it will be 2,57,715 gallons. Balance chargeable to Government will therefore be 2,67,285 gallons. Excess Charges on this would be Rs.267/6/- but the Railway Company have claimed only Rs.252/4/3. No recovery has therefore to be made from the occupants.

From September 1936 to December 1936, the charges payable by Government would be as follows:-

Consumption for 4 months = 50 x 11 x 122			...	67,100
Flushing etc.,	...	...	...	24,400
Total	...	...	...	91,500
Free allowance	...	...	...	44,820
Balance	...	...	...	46,680

Excess charges would be Rs.46/12/- whereas the Railway Company have claimed only Rs.3/9/-.

TUMKUR.

There are two constables huts.

Water Consumption from April 1935 to December

1935 = 275 x 50 x 2 27,500

Brought Forward	...	...	27,500
Deduct Free Allowance 610 x 9	...	....	5,490
Balance ...	...	...	22,010

Excess Charges would be Rs.22/- whereas the Railway Company have claimed only Rs.9/8/-. January 1936 to February 1937 Water Consumption = 394 x 100 = 39,400. Deducting free allowance 8,540 gallons, balance chargeable is 30,860 gallons. Excess Charges would be Rs.30/12/- whereas the Railway Company have claimed only Rs.14/2/-.

11

ARSIKERE: has one S.I., 2 Head Constables and 17 Police Constables quarters. 20

From April 1935 to December 1935	...	...	275 days.
Water Consumption = 50 x 20 x 275	...	...	2,75,000 Gls
Flushing etc., 275 x 200	...	...	55,000 "
Total	...	..	3,30,000 Gls
Free Allowance	....		1,10,475 "
Balance	...	..	2,19,525 Gls

Charges on this would be Rs.219/8/- whereas the Railway Company have claimed Rs.307/2/- as excess charges. In this bill the Railway Company have taken into account water consumed during a period of 4½ months before the installation of meter, based on the average consumption of water after installation of meter. The meter was installed on 16-8-1935 but the consumption is charged from 1-4-1935. The S.I. who occupied these quarters during this period is no longer in the force. Average quartity fixed by the Railway Company for the 4½ months is 1,90,239 gallons. Deducting free allowance 4½ x 12,275 = 55,137 gallons the balance is 1,35,102 gallons and charges on this would be at Re.1/- per 1,000 gallons (Flat Rate) = Rs.135/-. The Railway Company may be asked to waive this amount(Rs.135/-) in which case the amount payable by Government will be Rs.307/2/- minus Rs.135/- = Rs.172/2/- only.

12

From January 1936 to February 1937 (425 days) consumption of water = 425 x 1000 = 4,25,000 Gallons.

B.F.

Flushing 425 x 200	...		85,000 Gallons
Total	...	...	5,10,000 "
Free Allowance	...	...	1,71,850 "
Balance	...	...	3,38,150 Gallons.

13 The charges on this would be Rs.338/- while the Railway Company have claimed only Rs.240/12/-. There is therefore no recovery to be made from the occupants.

COMMISSIONER OF POLICE.

23/7

26-7-37
OFFICE OF THE RESIDENT IN MYSORE
BANGALORE.
26 JULY 1937
Regd. No. 7443.
File No.
F. delay. Please see routine note at L)

14. Water to the police quarters at Bangalore City Railway Station is supplied by the Mysore Government and excess water charges are recovered by them direct from the Civil and Military Station Police Department. Under the orders contained in Resident's Proceedings No.1762 dated the 18th February 1922, the police officials occupying these quarters are allowed by Government a free allowance of 50 gallons of water per hut per day. Cost of water used for flushing out drains and latrines in the Lines, subject to a maximum of 200 gallons per day, is also paid by Government. If therefore the consumption during any month exceeds the quantity supplied free by the City Municipality but falls within the free allowance limit sanctioned in the above Proceedings, the cost of the difference is payable by Government. Any excess consumption over the sanctioned free allowance should be paid for by the occupants in proportion to their pay.

15 At Bangalore Cantonment, Tumkur, Arsikere, etc., water

to

to Railway police quarters is supplied not by the Mysore Government but by the Railway Company. Until recent years, the buildings in question were not separately metered and no charges used to be recovered by the Railway Company from the Police Department or from the occupants concerned for water consumed in them. The question of recovering excess water charges was however taken up by the Railway authorities in 1934; and in order to assess the cost of water supplied, meters have since been installed in all the buildings and charges are now being claimed by the Company.

16

It will be noticed that the concessions sanctioned in the Resident's Proceedings dated 18th February 1922 apply only to the Police force stationed at Bangalore City Railway Station. There was no need to sanction similar concessions to railway police officials stationed at places other than Bangalore City, as water supplied to them was not being charged hitherto. But now that the Railway Company have decided to levy such charges, it has become necessary to extend the concessions to them also. This may be approved.

17

The Company have now claimed the following payments on account of excess water charges:-

	Quarters.	Period.	Amount. Rs. A. P.
1.	Bangalore Cantonment: One Head Constable and 10 Constables' quarters.	October 1934 to December 1936.	255 13 3
2.	Tumkur: 2 Constables' quarters.	April 1935 to February 1937.	23 10 0
3.	Arsikere: 1 Sub-Inspector's 2 Head Constables' and 17 Constables' quarters.	April 1935 to February 1937.	547 15 0
		Total.	827 6 3

18

Excess water charges in respect of Bangalore City Railway Station police quarters are claimed by Mysore

Water

Water Works Department in accordance with the free allowance and excess water rates prevailing in Bangalore City Municipality. These rates cannot however be applied to Bangalore Cantonment, Tumkur, Arsikere, and other places where water to police quarters is supplied not by the Mysore Water Works Department but by the Madras and Southern Mahratta Railway Company. In the bills received from the Company, charges have been calculated on the following basis:-

Vertical line in the text

Free allowance:	At 100 gallons per rupee of rent per month. (The buildings in question belong to the Railway Company and rent is recovered by them from the Police Department at certain prescribed rates).
Excess water charges:	At Re.1/- per 1,000 gallons over the free allowance calculated as above.

11

The free allowance rate adopted by the Railway Company is the same as that adopted by the ~~Civil~~ City and Civil and Military Station Municipalities. But under the Municipal rules, the free allowance is subject to a minimum and a maximum in respect of each metered house (2,000 and 5,000 gallons respectively in the Civil and Military Station), whereas, no such minimum and maximum limits have been fixed by the Railway Company. It is also noticed that the Company's rate for water consumed in excess of the free allowance is a little higher than the Municipal rates. For example, the Civil and Military Station Municipality charge only 12 annas per 1,000 gallons for the first 5,000 gallons in excess of the free allowance and thereafter they have a sliding scale for the benefit of large consumers. The Company on the other hand have adopted a flat rate of one rupee per 1,000 gallons for all water consumed in excess of the free allowance. We do not know the terms and conditions under which water is supplied to the Railway Company at Tumkur, Arsikere and other places. In S.N.3 it is stated that they purchase it from the

C & 3 (E)

Municipalities

Municipalities concerned at rates varying from 12 annas to Rs.1/8/- per 1,000 gallons. If so, the flate rate of one rupee per 1000 gallons adopted by them does not appear to be excessive; and we may ~~therefore~~ accept the Company's rates and the calculations based thereon.

20 The next question is whether the amount claimed by the Company is wholly payable by Government or whether any part of it has to be recovered from the occupants towards cost of water consumed by them in excess of the free allowance proposed to be sanctioned. The charges which the Government would have had to pay if water had been consumed at the maximum free allowance rates and the charges actually claimed by the Railway Company compare as follows:-

Quarters.	Cost of water	
	At maximum free allowance rates.	Amount actually claimed by the Company.
	Rs. A. P.	Rs. A. P.
(1) Bangalore Cantonment.	(267 6 0 ✓ (46 12 0 ✓	252 4 3 ✓ 3 9 0 ✓
(2) Tumkur. ..	(22 0 0 ✓ (30 12 0 ✓	9 8 0 ✓ 14 2 0 ✓
(3) Arsikere. ..	~~172 2 0~~ 219-8-0 ✓ (338 0 0 ✓	307 2 0 ✓ 240 13 0 ✓
Total.	~~877 0 0~~ 924 6 0	827 6 3

It will be seen that, except in the case of one bill for Rs.307/2/- in respect of Arsikere, the claims are all within the free allowance limit, and are therefore wholly payable by Government.

21 As regards the bill for Rs.307/2/- in respect of Arsikere referred to above, please see paragraph 11 of Commissioner's u.o. note, wherein he suggests that the Railway authorities may be asked to waive recovery of a sum of Rs.135/- being charges claimed for 4½ months before the ~~introduction~~ installation of the meter. If they agree to this, the amount of the bill will be reduced to Rs.172/2/- and it will then be within the free allowance limit.

If

22

If approved, sanction may be accorded in the first instance to the payment of Rs.692/6/3 (Rs.827-6-3 minus Rs.135/-) and the Commissioner of Police asked to address the Railway Company to waive Rs.135/- as suggested by him. If they are not willing to waive the recovery of the amount, then sanction may be accorded to the payment of that amount also.

23

Necessary drafts are submitted for approval.

(From para 2)

10.9.37

24

As these bills on account of water have to be paid, I suggest that all bills relating to water supplied up to the 31st March 1937, received or to be received, be paid.

25

As regards future bills, that is for water supplied from 1st April 1937, a system on the lines of that obtaining at the Bangalore City station be introduced at all railway stations in the Mysore State where our police force is located.

26

The allowance for domestic purposes may be the same 50 gallons per hut per day; but that for flushing of drains and latrines may be fixed on a hut basis. For example, at the Bangalore City an allowance of 200 gallons per day is allowed for 40 huts. That is 5 gallons for one hut. We may stick to this figure (5 gallons per hut) for all stations.

27

The drafts have been altered where necessary, and Commissioner of Police may see u/o before issue.

29

Draft to the Mysore Govt as regards Arsikere & Tumkur is submitted.

(Particulars as regards Bangalore Cantonment are being collected)

30-9-37

1.10.37

S.N.4.

C.p. 7 (PUC)

C.p. 3 & 6 'E' 30

Please see S.Ns.3 and 4 and paragraph 28 of foregoing notes.

S.N.5 (PUC) 31

The Mysore Government say that the water supply connections at Arsikere and Tumkur have not been metered and as such, there is no question of free allowance or excess water charges and that the Municipalities of those places are not supplying water to the Madras & Southern Mahratta Railway Company. No comparison can therefore be made between the rates charged by the Railway Company and those charged by the Municipalities concerned at those places.

32

Details for the Bangalore Cantonment are given below:

	Free allowance.	Excess water charges.
1. Rates charged by the Municipal Commission, Civil & Military Station. S.N.8 C.p.22 File 671/34 & 'A'	100 gallons per month for every rupee of the monthly rental of the house subject to a minimum of 2000 and a maximum of 5000 gallons per mensem.	12 annas per 1000 gallons for the first 5000 gallons in excess of the free allowance, for the next 5000 gallons 10 annas per 1000 and for each subsequent 1000 gallons 9 annas per 1000.
2. Rates charged by the Madras & Southern Mahratta Railway Company. Para 19 of notes supra	100 gallons per month for every rupee of the monthly rental of the house.	Rupee one per 1000 gallons over the free allowance.

From the above it will be seen that the free allowance rate is the same both under the Municipal and the Railway rules; but under the Municipal rules, the allowance is subject to a minimum and a maximum in respect of each metered house, whereas no such minimum and maximum limits have been fixed by the Railway Company. It will also be seen that the rate charged by the Railway Company for water consumed in excess of the free allowance is higher than that charged by the Municipality.

C.p. 2 of collection 'T' 33

It has been ascertained from the Police office that water is now supplied to the Madras & Southern Mahratta Railway at Bangalore Cantonment at annas eight per 1000 gallons subject to a minimum charge for 1,50,000 gallons per day. The Railway Company on the other hand

charge

charge Rupee one per 1000 gallons over the free allowance.

34 It appears however that as far back as 1934, before the meters were installed, the Agent, Madras & Southern Mahratta Railway Company, informed the Commissioner of Police that water supplied by the Company to Police quarters would be charged at a flat rate of Re.1/- per 1000 gallons for all water supplied in excess of a free allowance of 100 gallons per rupee of rent paid, whether the supply is effected by the Railway from its own sources or obtained from a Municipality, and that the Commissioner of Police agreed to this. (The Resident's approval was not obtained by the Commissioner of Police and this Residency was not aware of the correspondence). The rates now charged by the Railway Company are in accordance with this agreement.

C.p. 3 of collection 'T'

C.p. 5 -do-

35 In view of this, the bills already received may be paid and the two drafts in the file may, if approved, issue

36 It is also for consideration whether, after issue of the drafts, the Commissioner of Police should be asked to take up the question of revising the rates with the Railway Company.

(F[illegible])

24-11-37

24.11.37

AS

37 The enquiry has unfortunately not taken the case much further. Having regard to the fact that the Commissioner of Police has already agreed to pay at the rate of Re.1/- per 1000 gallons over the free allowance, sanction may be conveyed to the bills now received.

Bills

38 Bills for water supplied for the major portion of this year have not yet reached us. Our sanction will also be necessary for the payment of these bills. We may ask Commissioner of Police to expedite their submission.

39 For next year - i.e. from 1st January 1938, the procedure existing at the Bangalore City station, may be introduced - with suitable modifications - at Bangalore Cantonment and other stations where our police force are. The Commissioner of Police will have to warn the force of the change.

40 The drafts as amended are for consideration.

9.12.37

Secy

Bangalore Cantt.

41 I do not see why we should be bound by Comm. of Police's agreement. It appears to me that the rates charged at Cantt Station are excessive, and that we ought to insist on payment of municipal rate there.

Tumkur, Arsikere.

42 I can't see we can object to the Rly Company's rate

F.A. may see.

21/12/37.

F.A. u/o.

Bangalore Cantonment. Co Railway

43 Water is supplied by the Civil and Military Station Municipality. There is a meter for the Police quarters and a free allowance of 5,000 gallons per month is allowed by the Municipality. The rate charged is 12 annas and not 8 annas (8 annas is for unfiltered water supplied from the Ulsoor tank).

44 The amount claimed by the Railway for excess water consumed, that is, for 4,98,127 gallons less free allowance of 11,205 gallons a month, from October 1934 to August 1936 at Re.1/- is Rs.246-8-0. If it is calculated at 12 annas after deducting the free monthly allowance of 5,000 allowed by the Civil and Military Station Municipality, the bill would amount to Rs.287-4-0, as shown below:

Total consumption.	4,98,127
Less free allowance. 23 x 5000	1,15,000
	3,83,127

Cost. 287-4-0.

45 It is therefore more advantageous to us to accept the Railway rate.

46 Tumkur and Arsikere. We may accept the Railway Co's ~~company's~~ rate.

11.1.38

47 If F.A's calculations are correct, draft I may issue.

48 Draft II. Send a separate u/o note with it to Comm of Police, asking if he agrees to the proposals.

14/1/38

Para 47 supra

C.p. 2 of Collection 'T'

49 The Manager of the Police Office stated that water was supplied at eight annas per thousand gallons. The F.A. says that the rate charged is 12 annas and not 8 annas (8 annas is for unfiltered water supplied from the Ulsoor tank).

Para 43 supra.

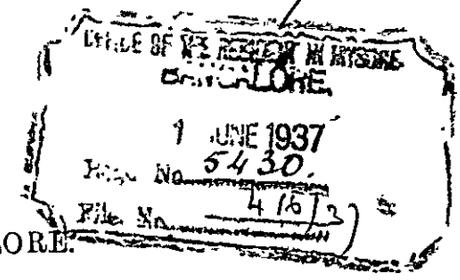
No. 450/AG/37 Enc. 2. *Dated* 29.5.1937



FROM

R. S. Milton, Esquire, I.P.,

COMMISSIONER OF POLICE,
CIVIL AND MILITARY STATION,
BANGALORE.

To

The Secretary to the Hon'ble the Resident in Mysore,

BANGALORE.

SIR,

Subject: Payment of excess water charges in the case of railway Police Quarters.

S.N.2 c.f.2 (E)

With reference to your letter No.F.416-37/R.O.II dated 16th March 1937, I have the honour to state as follows:-

In 1934, the Agent, Madras and Southern Mharatta Railway, wrote that no charges were recovered from this department in respect of water supplied to the Police Staff who occupy Railway Quarters although water taps were provided for the exclusive use of the occupants and that, as the Railway Company was involved in considerable expense in making the supply arrangements and water had to be obtained from the Municipalities on payment of a sum varying from Rs.0-12-0 to Rs.1-8-0 per thousand gallons, water supplied to the Police, Postal and Telegraph Departments should thereafter be paid for, on meter readings and recovery should be made from the Government Departments concerned.

2 Agreeably to this arrangement, meters were fixed for the Inspector's, Sergeant's Quarters at the City Railway Station, for Head Constables and Police Constables' Quarters at Bangalore Cantonment Railway Station, for Constables' Quarters at Tumkur, Sub-Inspector's, Head Constables' and Police Constables' Quarters at Arsikere and for Police Constables' Quarters at Dodballapur.

3 Bills for excess water charges at the Railway Inspector's Quarters from April to December, 1935 and from January 1936

to February, 1937 for Rs.17-12-0 and Rs.79-13-0 respectively have now been received and they will be recovered from the Inspector.

4 As regards the Sub-Inspector's Head Constables' and Police Constables' Quarters, the bills have been received as follows:-

				Rs.	A	P
BANGALORE CANTT.	from Oct. 1934	to Aug. 1936.		252	4	3
-do-	Sep. 1936	to Dec. 1936.		3	9	0
TUMKUR.....	from Apr. 1935	to Dec. 1935	×	9	8	0
-do-	Jan. 1936	to Feb. 1937		14	2	0
S.Is, H.Cs & P.Cs Qtrs. at Arsikere	" Apr. 1935	to Dec. 1935		307	2	0
-do-	" Jan. 1936	to Feb. 1937		240	13	0
				827	6	3

Feb 6 Jy 36 vide S.N. 1

5 It will be seen from the above bills that claim has been made from 1934 up to date and during this interval of 3 years there has been a considerable change in the occupants of the quarters owing to numerous transfers, retirements and other causes and it is almost impossible to fix the liability and recover from the occupants who have left the quarters and much hardship would be caused to those who remain in the quarters all these years to pay for such a long period.

For example, the Sub Inspector's Quarters at Arsikere have changed hands no less than four times. Two of the sub-Inspectors are now out of the Force, one has reverted to Head Constable and the present Sub-Inspector occupied the quarters only recently. There have also been a number of transfers of Head Constables and Police Constables. A Constable's pay is barely sufficient for his day to day expenses and it would indeed be hard on him to be unexpectedly called upon to pay for excess water over a period of 2½ years.

7 In this connection, I have to point out that under the Hon'ble the Resident's Proceedings No.1762 dated 18th February, 1922, sanction is accorded for payment by Government of the excess consumption of water at Bangalore City Railway Station Lines and a free allowance of 50 gallons of water per day per hut is allowed and the cost of the difference between this limit and the free allowance covered by the taxes ayable to the Bangalore City Minicipality in respect of these uarters is met by the revenues of the Civil and Military tation and any excess consumption over 50 gallons per day

per

S.N. 75 Feb 29/11 (M)

[ ] ?

per hut is payable by the occupants in proportion to their pay.

2. Consistent with this concession now existing in regard to Bangalore City Railway Police Lines, sanction may please be accorded for payment by Government of excess water charges at Bangalore Cantonment Railway Station and Tumkur and Dodballapur Lines, on a similar basis.

I have the honour to be,

Sir,

Your most obedient servant,

COMMISSIONER OF POLICE.

Letter from the Commissioner of Police, Civil and Military Station, Bangalore, No.450/AG/37, dated the 29th May 1937.

O R D E R.

The Hon'ble the Resident is pleased to direct that with effect from the 1st January 1938 a free allowance of 50 gallons of water per day per house/hut be sanctioned for the Police Force occupying quarters at Bangalore Cantonment, Tumkur, Arsikere and other railway stations where water to police quarters is supplied by the Railway Company. Water for flushing out drains and latrines will also be allowed free, on the basis of the number of houses/huts occupied by the Police at the rate of 5 gallons per house/hut per day. The cost of the difference between the above limit and the quantity supplied free by the Railway Company shall be paid by Government. Any excess consumption over the sanctioned scale should be paid for by the occupants in proportion to their pay.

2. The expenditure on this account should be met from the allotment in the budget under the head "33 Payments to Crown Representative- XI Bangalore-Account I- Police-B. Railway Police-B.3-Other charges".

No. 432/ag/38. *Dated* 9 — 3 — 1938.

FROM

R. S. Milton, Esquire, I.P.,

COMMISSIONER OF POLICE,
CIVIL AND MILITARY STATION,
BANGALORE.

To

The Secretary to the Hon'ble the Resident in Mysore,

BANGALORE.

SIR,

In continuation of this office letter No.189/Ag/38 dated 23rd February 1938, I have the honour to forward herewith a copy of letter No.W.77-A dated the 1st March 1938, from the Agent, M. & S. M. Railway, Madras, agreeing to waive the claim for excess water charges from 1-4-1935 to 15-8-1935 amounting to Rs.135/- in respect of Police Quarters at Arsikere.

The Accountant General, Madras, has already adjusted in March final accounts of 1937 two bills for excess water charges at Arsikere for Rs.240/13/- and Rs.307/2/- as intimated by him in his Memorandum No.T.A.D.III Department No. T.3 - Bang.3 dated 19th October 1937 communicated with your No.F.856-37/R.O.II. dated 22nd October 1937. The sanction accorded in your No.F.416-37/R.O.II. dated 4th February 1938 is for Rs.240/13/- and Rs.172/2/- to be met from the current years budget under B.3-Other Charges. The Accountant General has adjusted the claim including Rs.135/- in the Budget for 1936-37 for which the Accountant General will be asked to raise a credit.

I have the honour to be, Sir,
Your most obedient servant,

R. S. Milton

COMMISSIONER OF POLICE.

Letter No.W.77-A. dated 21st March 1938 from the Agent, M. & S. M. Railway Company, Limited, Madras, to the Commissioner of Police, Civil and Military Station, Bangalore.

Payment of Excess Water Charges at Arsikere.

With reference to your letter No.432/Ag/38, of the 24th February 1938, I have the honour to state that in the Special Circumstances I agree to waive the claim for excess water charges from 1-4-1935 to 15-8-1935 amounting to Rs.135/- in respect of the Police quarters Nos.47, 62, 63, 58 and 49 at Arsikere.
